

# John Hoff

Software Engineer

## Experience

**Express Scripts** | Bloomington, MN

*Software Engineer Intern* | May–August 2018

- Reduced code complexity for backend Java code in a Spring Boot application, including JUnit test development.
- Contribute to the rewrite of a data administration web tool. Collaborate with team members to discuss sprint and project objects as well as ensuring strong test coverage.

**University of Minnesota** | Morris, MN

*Teaching Assistant* | August 2018–Present

- Assisted computer science faculty with grading, lab preparation, and course development for an introductory JavaScript and advanced spreadsheet calculations course.
- Provided students with personal feedback that improved their performance in the course.

**University of Minnesota** | Morris, MN

*Web Developer* | June–August 2018

- Worked on an agile team of 3 students for URSA Major, a web tool started by students in 2014 for the undergraduate research symposium. The project is built with MongoDB, Express, Node, JavaScript, AngularJS, HTML, CSS, and Java.
- Development included frequent customer interaction, pair programming, code reviews, refactoring, and addressing deprecated features.

## Projects

**My Panda** | Morris, MN

*Software Developer* | February–May 2018

- I did stuff here
- And there
- This is a great line of information because it's not just one, it's two lines that could be helpful.

## Education

**University of Minnesota, Morris** | Expected: Fall 2018

B.A. in Computer Science, Minor in Statistics | GPA: 3.5

*Computer Science Club Secretary* | May 2018–Present

*Varsity Football* | Fall 2015–Fall 2017

*Varsity Soccer* | Fall 2018

## Personal Info

### Phone

(320) 295-2616

### Email

hoffx247@morris.umn.edu

### Social

linkedin.com/in/john-hoff

### Personal Website

john-hoff.com

## Languages

Java, JavaScript, TypeScript, HTML, CSS, Sass, JSON, Python, R

## Skills

### Front-end

React, Angular, Covalent, Material Design, Bootstrap

### Testing

JUnit, Jasmine, Nightwatch, Cucumber, Karma

### Databases

MongoDB

### Continuous Integration

Travis CI, Jenkins CI

### Agile Development

TDD, BDD, Scrum, Showcasing Customer interaction, Requirements analysis, Pair programming

### Other Technologies

Spring Boot, Node, GitHub, SonarQube, Jira, ZenHub, Gulp, Gradle
